PREAMBLE

This Agreement is entered into by the City of Clearwater, Florida, hereinafter referred to as the "City," and Local 1158 of the International Association of Fire Fighters, AFL-CIO, hereinafter referred to as the "Union". The Agreement has been negotiated in good faith for the purpose of promoting harmonious relations, establishing an orderly and peaceful procedure to settle differences which might arise, and setting forth the basic and full agreement between the parties concerning wages, rates of pay, hours of work, and all other terms and conditions of employment.

ARTICLE 1 RECOGNITION AND GENERAL PROVISIONS

Section 1. Exclusive Bargaining Agent

The City recognizes the Union as the exclusive bargaining representative in accordance with Chapter 447, Florida Statutes, as amended, for all employees in the bargaining unit defined by the Public Employees Relations Commission and issued Certification number 122 in Case No. 8H-RA-756-1129 dated September 3, 1975. All persons in the classifications designated Firefighter, Firefighter/Driver-Operator, Fire Medic, Fire Lieutenant, Fire Medic Lieutenant, and Fire Prevention Inspector shall be included in the bargaining unit. All others shall be excluded.

Section 2. New Classifications

Should the City and the Union agree to establish new job classifications within the Fire Department which may be in the bargaining unit, the City shall provide notice to the Union not less than 30 days prior to staffing such classification. The parties shall submit a Union Clarification Petition to the Public Employees Relations Commission and shall negotiate appropriate wage rates, hours, and terms and conditions of employment for such classification.

Section 3. Contract Constitutes Entire Agreement of the Parties

This Agreement contains the entire contract, understanding, undertaking, and agreement of the parties hereto, and finally determines and settles all matters of collective bargaining for and during its term, except as may be otherwise specifically provided herein. However, the parties agree that the City Employees Pension Plan may be separately negotiated at any time upon mutual agreement of both parties.

ARTICLE 2 REPRESENTATIVES OF PARTIES

Section 1. The City agrees that during the term of this Agreement it will deal only with the authorized representatives of the Union in matters requiring mutual consent or other official action called for by this Agreement. Authorized representatives shall be defined as the elected Officers of the Union and duly elected or appointed stewards. The Union agrees to notify the City of the name of such authorized representatives as of the execution of this agreement, and any change in elected Officers or appointed stewards shall be provided by the Union to the Office of the Fire Chief within 72 hours of the change.

Section 2. The Union likewise agrees that during the term of this Agreement the Union and the employees covered hereunder shall deal only with the City Manager or his/her representative in matters requiring mutual consent or other official action. The Union specifically agrees that neither the Union nor the employees covered hereunder shall seek to involve the City's elected officials in the administration of this Agreement or otherwise in the operation of the City's Fire Department; provided that nothing contained herein shall restrict an employee's opportunity to present non-employment related matters to such elected officials.

ARTICLE 3 RIGHTS OF PARTIES

Section 1. Management Rights

Except as expressly limited by any provision of this Agreement, the City reserves and retains exclusively all of its normal and inherent rights with respect to the management of its operations, whether exercised or not, including, but not limited to, its rights to determine, and from time to time redetermine, the number, location and type of its various operations, functions and services; the methods, procedures and policies to be employed; to discontinue the conduct of any operations, functions or services, in whole or in part; to transfer its operations, functions or services from or to, either in whole or in part, any of its departments or other divisions; to select and direct the working force in accordance with requirements determined by the City; to create, modify or discontinue job classifications; to establish and change working rules and regulations; to establish and change work schedules and assignments; to transfer, promote or demote employees; to lay off, furlough, terminate or otherwise relieve employees from work for lack of work, lack of funds, or other legitimate reason; to suspend, discharge or otherwise discipline employees for proper cause; to alter or vary past practices and otherwise to take such measures as the City may determine to be necessary to the orderly and efficient operation of its various operations, functions and/or services.

Section 2. Emergency Conditions

If in the sole discretion of the City Manager or Mayor it is determined that civil emergency conditions exist, including, but not limited to, riots, civil disorders, strikes, hurricane conditions, or similar catastrophes or disorders, the provisions of this Agreement may be suspended by the City Manager or Mayor during the term of the declared emergency provided that wage rates and other direct monetary payments shall not be suspended.

Section 3. Union Rights

A. Stewards: There shall be one (1) Union Official or designee for all bargaining unit members on each shift in addition to the Union Official for Fire District Chiefs. An employee working in the classification of Fire Inspector shall be represented by the "on-duty" or other union official.

An employee having a grievance shall have the right to take the matter up with his/her Shift Steward or other Union Officer during working time, provided that neither the employee nor the Shift Steward may leave their assigned Fire Station or work area outside a Fire Station without prior permission of the Fire Chief or his/her specifically designated representative, and, provided further, that the employee and the Union Official shall not interfere with the normal operations of the Department.

All members of the bargaining unit may wear the I.A.F.F. pin on their uniforms.

- B. Checkoff: The City shall deduct and provide to the Union on a biweekly basis dues and uniform assessments owed by the employee to the Union in an amount certified to be correct by the Union Secretary-Treasurer. Prior to such deduction, the Union shall provide the City with a signed statement from each employee authorizing such deduction in a form satisfactory to the City.

Any authorization for dues deduction may be canceled by the employee upon 30 days written notice to the City and the Union.

The Union shall indemnify, defend and hold the City, its officers, officials, agents, and employees harmless against any claim, demand, suit, or liability (monetary or otherwise) and for all legal costs arising from any action taken or not taken by the City, its officials, agents, and employees correctly complying with this Section. The Union shall promptly refund to the City any funds received in accordance with this Agreement which are in excess of the amount of basic and uniform membership dues which the City has agreed to deduct.

Nothing contained herein shall require the City to deduct from a salary or be otherwise involved in the collection of Union fines, penalties or special assessments.

In the event an employee's salary earnings within any pay period, after deductions for withholding, pension or social security, health and/or other standard deductions, are not sufficient to cover dues it will be the responsibility of the Union to collect its dues for that pay period from the employee.

- C. Posting of Agreement: The City and the Union agree that this Agreement shall be posted by the City in a conspicuous place at each Fire Station. Further, the City agrees that it will print the required amount of copies, no later than 75 days after such Agreement has been ratified by all concerned parties, and distribute same to the Union. The Union agrees, within 30 days after receipt of copies of this Agreement, to supply individual copies of this Agreement to each current member of the bargaining unit and thereafter to provide an individual copy to each new bargaining unit member within 30 days of their becoming a bargaining unit member or allow the City to retain copies to provide at new employee orientation. The City and the Union shall each bear one-half of the cost of production of the copies of the Agreement, the number of which shall be mutually agreed upon prior to printing. The City and the Union shall agree on the format.
- D. Bulletin Boards: The City agrees to provide a 2 feet x 4 feet space on bulletin boards at each Fire Station for posting by the Union of notices of meetings or other official Union information; provided, the Assistant Chief or his/her designee shall first review such posting, and if found to be outside of the scope of this Section, such posting shall be modified to the mutual agreement of the parties. The District Chief will continue to include the Union notices in the intra-departmental mail which he/she delivers to the stations.

Section 4. No Discrimination

The City and the Union specifically agree that the provisions of this Agreement shall be equally applicable to all employees covered herein without regard to race, color, religion, sex, national origin, membership or non-membership in labor organization, or age, as provided by law.

Any claim of discrimination under Federal or State civil rights laws by an employee against the City, its officers or representatives shall not be grievable or arbitrable under the provisions of Article 6 but shall be subject only to the method of review prescribed by law. Nothing herein contained shall preclude the right of an employee to grieve and arbitrate disciplinary action taken by the City, except as otherwise herein provided.

ARTICLE 4 NO STRIKE

Section 1. The Union agrees that during the term of this Agreement, it shall not authorize, instigate, condone, excuse, ratify or support any strike, slowdown, sit-down, work stoppage or any other act of like or similar nature likely to interfere with the efficient operation of the City's affairs engaged in or supported by members of the Union and/or employees represented by the Union or other agents or representatives of the Union. The parties specifically incorporate herein the provisions of FS. 447.505, 447.507 and 447.509.

Section 2. Should the Union or employees covered by this Agreement within the City's Fire Department breach this Article, the City may then proceed against the Union as covered in FS 447 and such sections of state and federal law that may apply. The City would also be entitled to obtain an injunction with notice at ex-parte hearing for breach of this Article.

Section 3. Should any member of the bargaining unit be found guilty of striking as defined in Chapter 447, Florida Statutes, he/she shall be subject to dismissal, and it is expressly agreed that such violation constitutes just cause for dismissal.

ARTICLE 5 LABOR-MANAGEMENT COOPERATION

The City and Union agree to maintain a single cooperative Labor/Management committee for both IAFF Local 1158 bargaining units. The committee shall consist of an equal number of members of each party not to exceed a total of eight (8) members. It is understood that this committee in no way is a substitute for the grievance procedure or the right of collective bargaining but has been established for the purpose of discussion and input from both sides on matters that may be mutually resolved by the parties or may eventually become items of collective bargaining, grievances, or litigation.

ARTICLE 6 GRIEVANCE PROCEDURE

Section 1. A grievance shall be defined as any difference, dispute or complaint regarding the interpretation or application of the terms of this Agreement, including Civil Service Rules and Regulations, except as exclusions are noted in other articles of this Agreement. The grieving party must state in writing the remedy sought to resolve the grievance.

Section 2. All grievances filed shall be submitted on the appropriate form (City form #9900-0061, IAFF Grievance Form), and shall refer to the specific Article and section of this Agreement or Civil Service Rules and Regulations upon which the grievance is based, and shall contain a concise written statement of the facts alleged to support the grievance, and shall be signed by the grievant or representative. A Grievant may be accompanied by a representative of the Union at any time during the Grievance Procedure. Newly hired probationary employees shall not have access to the Grievance Procedure for any matter of discipline (including discharge), assignments, scheduling, or access to training opportunities during the probationary period. Any grievance by a permanent employee relating to suspension or dismissal shall be initiated at Step 2.

A grievant is prohibited by law from filing an appeal with the Civil Service Board once a grievance is filed. This shall specifically include grievances relating to suspensions, demotions, and dismissals.

Grievances may be filed and processed by the Union except grievances of discipline that must be initiated by the disciplined employee.

As used in this Article, the term "employee" may also mean a group of employees having the same grievance. In such event, one employee shall be designated by the group of employees to act as a spokesperson and shall be responsible for processing the grievance. All employees in the group shall be identified, however only the spokesperson needs to sign the grievance.

For purposes of this Grievance Procedure, normal working hours shall be considered 8:00 a.m. to 5:00 p.m. and normal workdays shall be considered Monday through Friday, holidays excepted.

STEP 1

The grievant shall present his/her grievance in writing to his/her Assistant Chief or Fire Marshal within 10 work days after the grievant has knowledge or constructive knowledge of the occurrence of the action giving rise to the grievance. The Assistant Chief or Fire Marshal shall arrange for a meeting with the grievant within 10 work days of receipt of the grievance. Discussions will be informal for the purpose of settling differences in the simplest and most direct manner. The Assistant Chief or Fire Marshal shall review the grievance and submit a decision in writing to the grievant within 10 work days from the date of the meeting. If the grievance is not resolved at Step 1, the grievance may be appealed to Step 2.

STEP 2

If the grievance is not settled at the first step, the grievant shall, within 10 work days of the date of written notification from the Assistant Chief or Fire Marshal, present the written grievance to the Fire Chief or his/her designee. The Fire Chief or his/her designee shall obtain the facts concerning the alleged grievance and shall, within 10 work days following receipt of the written grievance, meet with the grievant. The Fire Chief or his/her designee shall review the grievance and notify the grievant of his/her decision in writing not later than 10 work days following the meeting day. If the grievance is not resolved at Step 2, the grievance may be appealed to Step 3.

STEP 3

If still unresolved, the grievance may be submitted to the City Manager or his/her designee within 10 work days of the date of written notification from the Fire Chief or his/her designee. At the request of the grievant, the City Manager or his/her designee shall meet with the grievant. The grievant must make this request to meet with the City Manager at the time of submission of the grievance to the City Manager or designee. If so requested, the City Manager or designee shall arrange a meeting with the grievant within 10 work days of the request. The City may determine who shall meet with the employee. Within 10 work days of the meeting, the City Manager or his/her designee shall notify the employee, in writing, of his/her decision.

If no meeting is requested by the grievant at the time of submission of the grievance to the City Manager or designee, the City Manager or designee shall notify the employee of his/her decision in writing within 10 work days of receipt of the grievance. If a grievance is not submitted to the City Manager or his/her designee, it shall be deemed to have been resolved at Step 2 to the grievant's satisfaction. The City shall notify the Union in writing of any change in the City Manager's designee for the receipt or hearing of grievances.

Section 3. In the event that the grievance is still unresolved, the matter may be submitted to final and binding arbitration as provided in this section.

- A. Within 10 work days of the decision of the City Manager, the aggrieved party shall notify the City Manager of his/her intent to arbitrate. Concurrently, said party shall request from the Federal Mediation and Conciliation Service a list of seven names of qualified arbitrators. After the receipt of such a list, representatives of the parties shall meet and each party shall strike three names. A flip of the coin shall determine who shall strike the first name, and then the other party shall strike a name. The process shall then be repeated until one name remains and the remaining name shall be the arbitrator selected and notified of his/her selection as arbitrator. As promptly as can be arranged, the arbitration hearing shall be held. Each party shall pay its own expense for its representative, counsel and witnesses. The charges of the arbitrator shall be shared equally by the City and the aggrieved party. The decision of the arbitrator shall be final and binding on both parties, except that either party may seek review as provided by law. The arbitrator shall have no power to add to, subtract from, modify or alter the terms of this Agreement.
- B. Copies of the decision of the arbitrator made in accordance with the jurisdiction and authority of this Agreement shall be furnished to both parties within 30 calendar days from the close of the hearing or as otherwise agreed to by both parties.

Section 4. Formal Processing of Grievance Initiated By The City

Where any provision of this Agreement involves responsibility on the part of the Union which, in the view of the City, is not properly being carried out, the City may present the issue to the Union as a grievance. If such grievance cannot be resolved by discussion between the City and the unit representative on an informal basis, the grievance may be formally filed in writing by the City Manager or his/her designee by giving written notice to the business agent of the Union. Such notice shall indicate the provision(s) of the Agreement which the City contends is/are not properly being carried out by the Union. If not resolved within 10 work days following receipt by the Union of the written grievance, the City may submit the grievance to arbitration under the provisions of Section 3 of this Article.

Section 5. All of the time limits contained in this Article may be extended by mutual written consent of the parties.

Section 6. If an employee chooses to process his/her own grievance, the Union must be invited to attend any meeting where the resolution of the grievance may occur. FS 447.301(4)

ARTICLE 7
PERSONNEL PRACTICES

Section 1. Work Schedule

A. Hours and Days of Work: Shifts shall start at 8:00 A.M. each work day and end at 8:00 A.M. the following morning. Total: 24 hours. Coverage shall consist of three shifts: "A", "B", and "C", which will work in the following rotation (see sample monthly work schedule below):

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
1 work	2 off	3 work	4 off	5 work	6 off	7 off
8 off	9 off	10 work	11 off	12 work	13 off	14 work
15 off	16 off	17 off	18 off	19 work	20 off	21 work
22 off	23 work	24 off	25 off	26 off	27 off	28 work
29 off	30 work, etc.					

B. Inspection Division: Fire Inspectors will work in shifts of 8:00 A.M. to 4:30 P.M. and 7:30 A.M. to 4:00 P.M., Monday through Friday, with a 30-minute lunch break for each inspector. The Chief reserves the right to assign the necessary personnel to each shift which, in his/her judgment, provides for most effective departmental operations.

C. Upon ratification of this Agreement by the City Council, the work week will be reduced for shift personnel by utilizing the "Kelly" day system. During the term of this contract, the following reductions will be accomplished:

Phase One: Beginning approximately January 1, 2006, employees will be awarded a Kelly Day for every 30 days worked. This means they will be scheduled to work 30 consecutive shift days and will be scheduled off the 31st scheduled shift day. This will result in a 54.1935 hour work week.

Phase Two: Beginning approximately January 1, 2007, employees will be awarded a Kelly Day for every 18 days worked. This means they will be scheduled to work 18 consecutive shift days and will be scheduled off the 19th scheduled shift day. This will result in a 53.0526 hour work week.

Section 2. New and existing employees may be reassigned for Light Duty, training, out-of-area deployments, or voluntary special project opportunities. Employees shall continue to be paid their standard biweekly pay during such assignments. All hours actually worked during such assignments shall be counted toward the calculation of overtime at the end of the established FLSA cycle in accordance with Article 7, Section 8, D.

Section 3. Department policy may require the scheduling of overtime. The department shall attempt to equalize overtime to the extent practicable. The selection of certified and/or trained individuals may be required and shall be allowed. The current practices regarding overtime compensation shall be paid as defined in this Agreement. The duties detailed below shall be performed at the Fire District Chief or Fire Assistant Chief level except as otherwise assigned by the Fire Chief or his/her designee.

A. Overtime Lists

1. Relief (employees assigned to the same job classification who are coming off of a shift) and Back-up (employees assigned to the same job classification who are on four days off) lists shall be maintained for the assigning of overtime. The overtime lists shall be maintained as an electronic document to be accessible through the department's computer share directory.
2. The lists shall be updated daily by an assigned Fire District Chief or Fire Assistant Chief.
3. The lists shall consist of those employees who elect to work overtime. At the start of each shift, employees shall notify the Fire District Chief or Fire Assistant Chief if they desire to be eligible for overtime on subsequent shifts.
4. Names will be arranged on the overtime list by classification in ascending order of overtime credits.

A. Overtime Credits

1. Employees shall be assigned credits hour for hour based on the overtime hours worked.
2. Employees who refuse an overtime assignment when contacted between 7:30 and 8:00 a.m. after agreeing to be available for a shift shall be assigned credits equaling the number of hours of the shift refused. No credits will be added for refusal after 8:00 a.m.
3. No credits shall be added for the refusal of shifts less than 12 hours, nor shall credits be added for working a shift of less than 8 hours.
4. Inability to contact an employee who has agreed to be available shall not be cause for adding credits.
5. Credits shall be deducted when an overtime shift for which an employee is scheduled is canceled.
6. New employees shall be placed on the list after six months of service with the number of credits, as calculated by the Fire District Chief or Fire Assistant Chief, equal to the average accumulated by all employees in the same classification on the list at that time.
7. Overtime credits shall not be carried over from year to year and shall be zeroed out effective January 1 of each year. Initial overtime assignments each year shall be made on the basis of Department seniority among employees in the same classification on the list.

C. Selection Procedures

Every effort shall be made by the Department to complete the necessary assessments to implement the process below within six months of the effective date of this Agreement. Bargaining unit personnel shall be required to cooperate and assist with the administration and completion of the assessment process as directed by the Department and shall be accountable for the doing so in accordance with Department guidelines. Until the process below is implemented, the parties shall be governed by Article 25, Section 3, C. of the Agreement between the parties for years 2003-2004.

1. The Fire District Chief or Fire Assistant Chief shall be responsible at the beginning of each shift for the assignment of on-duty personnel to provide adequate coverage within the Department's minimum staffing requirements. Employees who are on current eligibility lists or who are placed on established "Acting" eligibility lists upon meeting the minimum qualifications and having been deemed qualified by the Department for the necessary classification shall be transferred, assigned laterally, or utilized in an Acting capacity prior to the scheduling of overtime. Employees shall be chosen who will result in the least amount of disruption to operations, first from those employees who are on the respective eligibility list and who have been determined qualified by the Department, then from those employees on the "Acting" eligibility list who have been determined qualified by the Department. When the number of on-duty personnel is sufficient to provide coverage to meet the Department's minimum staffing requirements, no assignment of an individual to an Acting capacity shall occur if it will result in the necessity of overtime. Should the number of on-duty personnel be below the established minimum staffing threshold, the Fire District Chief or Fire Assistant Chief shall be responsible for the scheduling of overtime by contacting the appropriate employee position for position by classification who has the lowest number of credits on the list.
2. The Fire District Chief or Fire Assistant Chief shall attempt to fill the overtime position by utilizing the "Relief" list and then by the "Back-up" list.
3. Should no employee in the necessary classification be available from either the Relief or Back-up list, then the Fire District Chief or Fire Assistant Chief shall attempt to fill the position by utilizing an employee on his/her own shift who is on the eligibility list for the classification. If the Fire District Chief or Fire Assistant Chief is successful, he/she shall then attempt to fill the newly created opening by proceeding from step 1 above.
4. If the Fire District Chief or Fire Assistant Chief is unsuccessful in step 3, he/she shall attempt to fill the position by utilizing an employee from the overtime lists who has the lowest number of credits and is on the eligibility list and who has been determined qualified by the Department for the necessary classification.
5. If the Fire District Chief or Fire Assistant Chief is unsuccessful in step 4, he/she shall attempt to fill the position by utilizing an employee who meets the minimum eligibility requirements and who has been determined qualified by the Department for the necessary classification first from his/her own shift and then from the overtime lists.
6. Failing all of the above, the Fire District Chief shall contact the applicable Fire Assistant Chief to determine whether the affected unit may be taken out of service.

Section 4. Employees within the Department may exchange on-duty time upon the following conditions:

- A. That the person filling in be acceptable to the company officer and shift commander prior to the change.
- B. That the persons desiring the exchange notify the company officer of the anticipated change not less than 24 hours prior to the start of the anticipated change unless such exchange arises under emergency situations.
- C. That no person may be allowed to exchange more than 120 hours per fiscal year unless the Fire Assistant Chief or Fire Deputy Chief/Operations in his/her discretion allows persons to exceed such limitation.
- D. That the member working the time will be covered by all applicable benefits in case of injury while filling in, but will not receive pay for this period.
- E. If the person agreeing to loan or fill in time is sick or fails to appear for the exchange, his/her appropriate leave account or pay will be charged.
- F. The person agreeing to fill in for another member is obligated to remain on duty in the absence of the person with whom the exchange is made.
- G. Notwithstanding any provision to the contrary above, the City shall not be required to allow an exchange if doing so would impose upon the City liability for any additional overtime compensation over what persons may otherwise be entitled to. Prior to discontinuing the exchange allowance for this reason the City shall notify the Union concerning the legal basis for the decision to do so.
- H. Time exchange is subject to a one hour minimum and at one hour increments. Any premium of acting pay shall be in accordance with Departmental policy.

Section 5. Call-in/Holdover/Court Time

- A. When an employee is called in at least 30 minutes prior to the start of his/her regularly scheduled shift to perform the duties and responsibilities of an established Fire Department job classification, he/she will be paid a minimum of four hours at the overtime rate of pay. The City may require the employee to remain on duty for the duration of the four hour period or for as long as he/she is needed, at the option of the City.
- B. When an employee is held over past the end of his/her regularly scheduled shift to perform the duties and responsibilities of an established Fire Department job classification, the time held over shall be counted as time worked. The employee shall be guaranteed pay at the overtime rate for actual time worked with no minimum guarantee. The City may require the employee to remain on duty as long as the employee is needed, at the option of the City.

- C. Any employee whose appearance is required in Circuit Court or County Court as the result of a matter arising out of the course of his/her employment, shall receive a minimum of two hours pay if such attendance is during the employee's off-duty hours. This time will be counted as hours worked toward the calculation of overtime. This same provision shall also apply when the employee is subpoenaed to appear at the State Attorney's Office, Public Defender's Office, or a private attorney's office, in a criminal case arising from the employee's course of employment. However, this provision shall not apply when an employee or the Union has brought an action against the City or any City official.
- D. Employees who participate in meetings or on committees at the request of the City shall have all such time counted as hours worked and shall be paid at their regular rate of pay. The holdover and call-in provisions as outlined in this Section shall not apply to time spent participating in meetings or on City committees.

Section 6. Daylight Savings Time

All bargaining unit members on the regularly scheduled shift in the Fall that as a result of Daylight Saving Time actually work (sweat) twenty-five hours shall receive their standard biweekly rate of pay plus one additional hour in the affected pay period. The additional hour actually worked shall be counted towards the calculation of Overtime at the end of the respective FLSA cycle.

All bargaining unit members on the regularly scheduled shift in the Spring that as a result of Daylight Saving Time actually work (sweat) twenty three hours shall receive their standard biweekly rate of pay in the affected pay period. The additional hour not actually worked shall count as hours actually worked and shall be counted towards the calculation of Overtime at the end of the respective FLSA cycle.

Vacation, Floating Holiday, and Sick Leave days used on the affected days shall count as 24 hours in either of the above instances. Exchanges of on-duty time (swaps) on the affected days shall be treated in accordance with Section 4 of this Article. As such, the regularly scheduled employee shall be entitled to credit for the additional hour in the Fall.

Section 7. State EOC/FEMA Initiated Emergency Deployment

It is understood that the Department may deploy personnel to render aid and assistance to other jurisdictions in accordance with State EOC and or FEMA initiatives. No bargaining unit employee will be involuntarily assigned to deploy under this paragraph. Such deployments shall not be subject to the call-in provisions as outlined in Section 5 of this Article. Employees subject to such deployments shall not suffer a loss of any regular pay the employee would otherwise have received if not dispatched as a result of the assignment. However, any pay above and beyond the employee's regular pay shall be based upon and subject to Section 2 of this Article and the reimbursing agency guidelines. Where such guidelines are available, they shall be provided to the employees at the time of assignment.

Employees who are deployed in accordance with the provisions above shall be eligible for any applicable insurance, including Workers Compensation, to the extent provided by the plan terms or applicable law for the duration of such deployment.

Section 8. Pay Plan Administration

A. Promotions:

1. Upon promotion from one classification to a higher level classification, an employee shall be placed into the step number in the higher level classification which is the same as the step number to which he/she is assigned in his/her current classification (for example, a Step 6 Firefighter would be promoted into Step 6 of the Fire Medic range or a Step 5 Fire Medic would be promoted into Step 5 of the Fire Lieutenant range), except for promotions to the classification of Fire District Chief, whereby employees who are promoted shall be placed at the Fire District Chief pay range minimum or shall receive a 5% promotional increase, whichever results in a greater increase in pay. Any portion of the promotional increase which, when annualized, exceeds the established pay range maximum shall be paid as a one time lump sum bonus payment, and such employee's base rate of pay shall be adjusted to the pay range maximum. Under no circumstances will the employee's promotional base rate of pay exceed the established pay range maximum.
2. A higher level classification shall be deemed to be one having a higher maximum rate of pay. A promoted employee shall maintain his/her existing annual performance review date for the purpose of determining eligibility for subsequent annual performance reviews.
3. If an employee was among personnel "grandfathered-in" to E.M.T. pay by the original and subsequent City-IAFF Contracts, such employee shall, upon promotion, be promoted in accordance with paragraph A above and shall thereafter have the E.M.T. pay added as a supplement to the new base pay in the higher class.

B. Demotions:

1. An employee who is demoted voluntarily, for lack of work occasioned by consolidation of a municipal function by another governmental agency, for lack of work generally, for lack of funds, or for other causes beyond his/her control, shall be placed into the step number in the lower level classification which is the same as the step number to which he/she is assigned in his/her current classification (for example, a Step 6 Fire Medic would be demoted into Step 6 of the Firefighter range or a Step 5 Fire Lieutenant would be demoted into Step 5 of the Firefighter/Driver-Operator range).

An employee may be allowed, with the prior approval of the Fire Chief, to demote only to a lower level classification for which a position vacancy exists and for which the employee meets the minimum eligibility requirements at the time of demotion. A demoted employee shall maintain his/her existing annual performance review date for the purpose of determining eligibility for subsequent annual performance reviews. A demotion shall be defined as any change of an employee from a position in one class to a position in a class of a lower level. A lower level classification shall be deemed to be one having a lower maximum rate of pay. For non-voluntary, non-disciplinary demotions, such employee shall be placed at the head of the reemployment list for the class from which he/she was demoted.

2. An employee who is appointed from layoff from the reemployment list to a position in the department in which he/she previously served shall be paid at the step in the pay range which is equivalent to the step he/she was receiving when he/she was separated and shall be eligible for advancement to the next step when he/she shall have been re-employed a sufficient number of days to make up the number of days he/she lacked for eligibility at the time of separation. An employee who is appointed from the reemployment list to his/her previous higher level classification after having taken a non-voluntary, non-disciplinary demotion shall be placed into the corresponding step in the higher level classification that is the same as the step number to which he/she is assigned in the current classification and shall maintain his/her annual review date for the purpose of determining eligibility for subsequent annual performance reviews.
3. An employee who is appointed from the reemployment list to a position in another department than that in which he/she was previously employed may be paid at the same step or rate of pay in the pay range as that which he/she was being paid when separated, or any step or rate of pay within the range which is not above the step or rate of pay at which he/she was previously paid.

C. Acting Pay

1. Acting pay shall be provided to any employee who is assigned in an acting capacity to a position in a class of a higher level for a minimum of four hours. An employee shall be deemed qualified and shall be required to act in a higher level classification if he/she is on the existing eligibility list, or if he/she is placed on an established "Acting" eligibility list upon being determined, after agreeing to participate in a process to be conducted by the Department, to meet guidelines established by the Department for the higher level classification. The Fire District Chief or Fire Assistant Chief shall fill Acting assignments when the Department is at or above minimum staffing levels by choosing employees who will result in the least amount of disruption to operations and in accordance with Article 7, Section 3, C.
2. Acting Pay shall be 5% above the employee's current base rate of pay.
3. Acting Pay Removal

Acting pay shall cease to be paid to a bargaining unit member when:

The employee is reassigned, transferred, demoted or promoted to any position not involving the performance of the acting function, or the acting position is removed by the Department or other appropriate authority pursuant to provisions of the collective bargaining Agreement. Acting pay terminates at the time of the job function change or at the time of the formal assignment removal.

Any employee who has elected to be included on the established "Acting" eligibility list may, with 30 days notice, be voluntarily removed from the list. The Department at its discretion may at any time remove an employee from the "Acting" eligibility list. The Department will provide the employee with the reason for removal from the list. Those Paramedic certified employees who are assigned to the non-Paramedic classifications of Firefighter and Firefighter/Driver-Operator, and who elect to voluntarily be removed from the "Acting" eligibility list and no longer be eligible for a Paramedic certification pay differential, shall not be permitted to request reinstatement to the established "Acting" eligibility list for a period of six months from the time they are removed from the list.

4. Acting Eligibility List Shortages

In the event the Department determines that an insufficient number of employees are willing or qualified to serve in an Acting capacity for a given job classification, the Union agrees to discuss and, if necessary, negotiate changes or impacts as required by law. This includes but is not limited to changes such as qualification requirements for classifications and promotion, modification of external hiring and employment criteria, modification or elimination of job classifications, or changes to Acting requirements.

D. Fair Labor Standards, Section 7(k) Exemption

2. The City of Clearwater Fire Department, pursuant to the Fair Labor Standards Section 7(k) exemption, has established a 27-day work cycle for employees in the bargaining unit who work 112 hours biweekly.
3. All employees in the bargaining unit, with the exception of Fire Prevention Inspector, shall be paid overtime only for all regular hours actually worked in excess of 204 hours during the designated 27-day work cycle. Fire Prevention Inspectors assigned to a 40-hour weekly schedule shall be eligible for overtime for all hours actually worked in excess of 40 hours per work week.

Section 9. Promotional Process

- A. Promotional evaluation announcements will be posted in each station at least 30 days prior to the filing deadline.
- B. Each announcement of a promotional evaluation shall state:
 1. The title of the class for which the eligibility list is to be created.
 2. The nature of the work to be performed.
3. The minimum qualifications which may be required for admission to the evaluation process.
4. The general scope of the evaluation process to be used.
- C. Eligibility for promotional evaluation processes may be restricted to persons employed in designated lower classes and/or in designated organizational units.

D. Disqualification of Applicants

The Human Resources Director, on behalf of the City, may reject the application of any person for admission to any evaluation process or refuse to evaluate any applicant or to certify the name of an eligible for appointment if, in his/her opinion, it is found:

1. That the applicant fails to meet the established qualification requirements for the classification.
2. That the application was not filed on or before the closing date for receipt of applications specified in the public announcement.
3. That the applicant has made an intentional false statement as to any material fact, has practiced or attempted to practice deception or fraud in his/her application or in securing eligibility or appointment. This provision shall be interpreted to include the use of any other than the applicant's legal name in making application.
4. That the applicant has a record of previous unsatisfactory service in City employment or elsewhere for the past two years of such a nature as to demonstrate unsuitability for employment in a position of the class for which he/she is applying.
5. That the applicant fails to meet standards for the position that are required by State and/or Federal law or applicable rules under such laws.
6. Any person who, by order of the Human Resources Director, is denied permission to compete in any promotional evaluation process or whose eligibility is canceled under the provisions of this section may make a written appeal to the City Manager for a final decision.

E. Scope and Character of Evaluation Processes

1. Provisions applying to promotional evaluation processes:-
 - a) All promotional evaluation processes shall be competitive.
 - b) All evaluation processes shall be of such character as to fairly determine the qualifications, fitness and ability of applicants to perform the duties of the classification to which appointment is to be made.
 - c) Evaluation processes may be written, oral, physical or performance, or a combination of these types. They may take into consideration such factors (including experience, education, aptitude, capacity, knowledge, character, physical fitness, and other qualifications) as, in the judgment of the Human Resources Director, enter into the determination of the relative fitness of the applicants and may include inquiry into the moral character, or any other pertinent quality or attribute of the applicant.
 - d) Evaluation processes shall include established criteria for determining a passing grade, score, or mark.

F. Notification of Results

Each candidate shall be notified in writing of his/her name being placed on the eligible list or his/her failure to attain a place on the list. Any candidate may, within 15 calendar days following the mailing date of his/her notice of results, request permission from the Human Resources Department to review his/her evaluation results, and will be given reasonable opportunity to do so, provided the test is not proprietary. If the test is proprietary, then a summary of his/her results shall be furnished to the applicant upon request, provided such request is made in writing within 15 days after the last section of the examination is administered and the summary is made available by the vendor. Any costs associated with the summary shall be paid one-half by the employee and one-half by the Fire Department.

G. Appeals from Ratings

1. Any candidate who fails to attain status on an eligibility list may, within 15 calendar days from the date of notification of such, notify the Human Resources Director in writing that error, other than error of judgment, exists. The Human Resources Director shall thereupon conduct a review. If upon review, errors other than error of judgment, are found, such errors shall be corrected. In the event such review discloses error affecting other candidates, the other candidates shall also be corrected.
2. An error correction may cause names to be added or subtracted from the eligibility list, however no change made in the ratings of any candidate shall be deemed to invalidate or in any way affect any certification or appointment previously made.

Section 10. Open and Promotional Eligibility Lists

The names of all persons who may be lawfully promoted or appointed shall be placed in alphabetical order on an open or promotional list which will be posted in the Department.

All employees deemed eligible through the evaluation process shall be placed on the appropriate eligibility list for a period of two years from the date of placement on and establishing of such list be the Human Resources Department. The individual dates of initial eligibility shall appear next to the candidates' names and may differ when concurrent eligibility lists exist.

Section 11. Appointments

- A. Selection from the open or promotional list shall be at the sole discretion of the Fire Chief. Selection criteria shall be developed and may include such factors as seniority, experience, education, aptitude, capacity, knowledge, character, physical fitness, and other qualifications.
- B. Selection criteria shall be announced at least 30 days prior to the selection process.

- C. Selection processes shall be competitive; shall be of such character as to fairly determine the qualifications, fitness, and ability of applicants to perform the duties of the classification to which appointment is to be made; may be written, oral, physical, performance, or a combination of these types; shall include criteria to determine the relative fitness of applicants; and shall not include questions or evaluations framed to be discriminatory in nature. When skills and qualifications are substantially equal, seniority shall prevail in selection determinations for positions within the bargaining unit.
- D. The Department shall counsel with any eligible employee who is not selected for promotion upon the written request of the employee. Such counseling shall include an explanation and written summary of the selection criteria whereby improvement may make the employee not selected better qualified.

Section 12. Probation

- A. A newly hired employee or an employee promoted from a class outside the bargaining unit to a class within the bargaining unit shall serve a probationary period of 12 months of active service during which he/she shall have the opportunity to demonstrate to the satisfaction of the Fire Chief his/her suitability for the job. In the event the employee is, for any reason, absent from duty for any reason other than floating holidays or on light duty for an accumulated period equal to two weeks scheduled work hours or more, then all such time shall be added to the probationary period.
- B. A newly hired employee who, during the probationary period, does not demonstrate suitability for the class, as determined by the Fire Chief, shall be notified in writing of the reason(s) and shall be terminated. An employee promoted from a class outside the bargaining unit to a class within the bargaining unit who, during the probationary period, does not demonstrate suitability for the class as determined by the Fire Chief, shall be returned to his/her position held prior to the promotion or to another position at the same or lower level for which the employee is determined to be qualified, provided there is no cause for dismissal. An employee shall not have access to the grievance procedure regarding the termination during probation.
- C. An employee promoted from a class within the bargaining unit to a class within the bargaining unit shall serve a probationary period of six months of active service during which he/she shall have the opportunity to demonstrate to the satisfaction of the Fire Chief his/her suitability for the job. In the event the employee is absent from duty for any reason other than scheduled leave or on light duty for an accumulated period equal to one week scheduled work hours or more, then all such time shall be added to and thereby extend the probationary period.
- D. An employee promoted from a class within the bargaining unit to a class within the bargaining unit who, during the probationary period, does not demonstrate suitability for the class, as determined by the Fire Chief, shall be notified in writing and shall be demoted to his/her former classification. A promoted employee serving a probationary period within the bargaining unit shall not be entitled to appeal his/her non-successful probationary period and his/her return to his/her former position.

Section 13. Light Duty

Light duty shall be defined as those activities which an employee can perform which do not require any type of physical activity which may aggravate an existing injury. An employee must be released by the treating physician for light duty and must have approval from Risk Management and the Fire Chief. Employees on either a job-related or non-job-related injury, illness or other medical condition may be assigned to light duty.

56-hour schedule employees placed on light duty shall continue to be paid their standard biweekly pay in accordance with Article 7, Section 2. All hours actually worked while in a light duty status shall be counted toward overtime at the end of the FLSA cycle in accordance with Article 7, Section 8., D. Employees who are authorized time off while assigned to light duty shall have the number of hours equivalent to the time off deducted from the applicable leave balance. Employees injured on duty who are approved for light duty shall continue to receive Special Teams pay if applicable. For off duty injuries, Special Teams pay shall cease after 90 calendar days of assignment to light duty.

40-hour schedule employees shall maintain their 40-hour schedule while on light duty.

All employees on light duty shall have their medical status reviewed periodically as directed by the City to determine whether maximum medical improvement has been achieved and/or the employee is fit to return to full duty. If needed, the City may require a second medical evaluation; and if so required, this shall be done at the City's expense. Light-duty assignments may be limited in number and scope at the sole discretion of the Fire Chief.

Section 14. Line-of-Duty Injury Pay

The City hereby agrees to pay the following compensation to any employee injured in the line of duty in accordance with the following definitions, terms and conditions.

- A. Compensation shall be payable under this section only with respect to disability as the result of injury to an employee where such injury is incurred in the line of duty.
- B. An injury shall be deemed to have been incurred in the line-of-duty if and only if such injury is compensable under the Florida Workers' Compensation Law.
- C. The amount of compensation paid shall be the amount required to supplement funds received from the Florida Workers' Compensation Law and any other disability or other income plan provided by the City, either by law or by agreement, to the point where the sum of the supplement herein provided and all other payments herein described equal the employee's regular rate of pay at the time of the injury.
- D. No compensation under this section shall be allowed for the first seven calendar days of disability; provided, however, that if the injury results in disability of more than 21 calendar days, compensation shall be paid from the commencement of the disability. (It is understood that this paragraph is so stated to be in compliance with current workers' compensation law. Changes in workers' compensation law will modify this paragraph accordingly.)
- E. The term disability as used in this section means incapacity because of the line-of-duty injury to earn in the same or any other employment the wages which the employee was receiving at the time of injury

- A. It is the intent of this section to provide supplemental compensation for line-of-duty injuries only, and this section shall not be construed to provide compensation in the event of death or injury incurred in any manner other than in the line of duty. In the event of any dispute or disagreement concerning the interpretation of the terms of this section, then the decisions concerning definition of those terms issued under the Florida Workers' Compensation Law shall control.
- B. The maximum period for which payment may be made under this section shall be 90 calendar days from the date of injury for each injury, including recurrences thereof. If the employee's injury results in disability for more than 21 calendar days, no payment made by the City during said period shall be charged against any sick leave which the employee may have accrued.
- C. Line-of-duty injury pay will be provided from the first day of injury for those defined in (G) above; however, the amount paid shall be only that amount required to supplement funds received by the employee from the Florida Workers' Compensation Law and any other disability or other income plans provided by the City, to the point where the sum of all payments is equal to the employee's regular base pay rate at the time of injury. At such time as the employee receives his/her initial workers' compensation payment, the City shall approximate the differential needed to equal the employee's base pay and shall provide such line-of-duty injury pay to equal the employee's regular base pay rate at the time of injury. Any adjustment to the City's line-of-duty injury pay under this policy will be made following the employee's return to work or at the expiration of the period for which line-of-duty injury pay is provided.
- I. It is the intention of the parties that nothing in this Agreement shall interfere with the normal procedures under the Workers' Compensation Laws or the requirements of the City's workers' compensation insurance carrier. Should any language of this Agreement conflict with provisions of the Workers' Compensation Law, the provisions of the Law shall prevail. An employee may choose his/her approved Workers' Compensation treating physician if prior approval is obtained through the Risk Management Division.
- J. If an employee is killed in the line of duty, the City shall pay to the spouse, or if there is no surviving spouse, the estate, of such deceased employee his/her accumulated severance pay. Within 48 hours of the death of the employee, the City shall deliver to the spouse or surviving children or the employee's dependent beneficiary a check for the sum of one month's current salary of the employee.
- K. Upon return from working a fire, the employee may request a physical examination by the City physician to ensure the employee is stable and capable of returning to work. This right may be rescinded on an individual basis if repeatedly abused.
- L. Failure to immediately report a line-of-duty injury to the employee's immediate supervisor or to the Risk Management Division within 24 hours of the time of occurrence of the injury shall result in a loss of all line-of-duty pay under this Article unless such failure to report was: (a) caused solely by and as a direct result of the employee's injuries or (b) resulted from the occurrence of an event over which the employee had no control in the opinion of the City Manager.

Section 15. EMS Classifications

- A. The paramedic classifications of Fire Medic and Fire Medic Lieutenant are employees within the City's Fire Department who are appointed by the Department to perform emergency medical services in an emergency medical services program and who have successfully completed and passed a Paramedic training program recognized by the Department and approved by Florida Statute and the Pinellas County Medical Director's office. A Fire Medic is a classification which is responsible for maintaining EMS equipment and performing emergency medical services on an ALS Unit in the area of medical procedures and patient care in addition to any assigned fire suppression duties.
- B. Should the City cease to operate emergency medical services, those employees classified as Fire Medic or Fire Medic Lieutenant shall continue to be employed by the City on the same basis as any other employee in the bargaining unit, provided that employees who are demoted shall have their compensation fixed at the same step in the respective range as that which they are assigned in their classification prior to demotion.

Employees assigned through initial hire or promotion to the classifications of Fire Medic and Fire Medic Lieutenant are required to maintain the appropriate Paramedic certifications as determined by the Department as a condition of continued employment. Depending on the staffing level of Department Paramedic positions and the availability of vacancies in non-Paramedic positions, Fire Medics and Fire Medic Lieutenants may be permitted to voluntarily demote to non-Paramedic positions for which they are determined by the Department to be qualified, with the corresponding reduction in pay in accordance with Article 7, Section 8. Approval of such demotions shall be at the sole discretion of the Fire Chief. If voluntary demotion is not approved by the Fire Chief and there is no other vacant position in the City for which such an employee is deemed by the City to be qualified, the employee may be subject to applicable provisions of the City's policies and procedures. The City reserves the right to hire into the classification of Fire Medic new employees who possess the appropriate Paramedic certifications, and to require that such certifications be maintained as a condition of continued employment.

C. EMS Status

1. The Fire Department and all bargaining unit members shall comply with Florida Statutes and the Pinellas County EMS Rules and Regulations regarding Quality Assurance and ACLS and BTLs certification. The decisions of the County Medical Director in such matters shall not be subject to the City grievance procedure but shall be addressed through the appropriate appeals procedure.
2. The demotion of a Fire Medic or Fire Medic Lieutenant or the removal of Paramedic certification pay shall not be subject to the contractual grievance procedure or Civil Service appeal procedure when the demotion or removal of pay is based upon clinical or ethical issues in the judgment of the Fire Chief and staff and/or the office of the Medical Director of Pinellas County and as defined in the County Rules and Regulations governing EMS.
3. The demotion of a Fire Medic or Fire Medic Lieutenant or the removal of Paramedic certification pay shall not be subject to the contractual grievance procedure or Civil Service appeal procedure when the demotion or removal of pay is based upon the judgment of the Department that the affected employee was not performing to the standards desired by the Department or the Pinellas County Medical Director.

4. The demotion of a Fire Medic or Fire Medic Lieutenant or the removal of Paramedic certification pay shall be subject to the contractual grievance procedure or the Civil Service appeal procedure only if such demotion or removal of pay is the result of a disciplinary action.
 5. The Arbitrator shall not have the power to substitute his/her judgment for that of the Department or the Medical Director with whom Fire Medics and Fire Medic Lieutenants work in relation to performance of employees to the standards of excellence desired by the City or the Medical Director.
- D. The parties agree that Fire Medics and Fire Medic Lieutenants are healthcare professionals but shall not be considered "professional" employees within the meaning of the Florida Public Employees Relations Act.
- E. If the application of this Article, or any part thereof, whether or not relating to pay, is superseded by action of a superior governmental agency, then the City will be absolved of complying with this Agreement to the extent of the conflict.
- F. Temporary Reassignment

The Fire Chief shall determine when a Fire Medic or Fire Medic Lieutenant is eligible to transfer temporarily from an ALS unit without loss of pay or a demotion for the purpose of employee development.

- A. It is understood and agreed by both parties that the duties performed by members of the bargaining unit cannot always be covered by job descriptions and, therefore, members of the bargaining unit may be required to perform duties in addition to all those listed within the current job descriptions which are, in the judgment of the City, related to the purposes of the Fire Department, which judgment shall not be arbitrary, capricious or unreasonable.

- B. Any Fire Department Rule or Regulation in conflict with this Agreement shall be of no force and effect.
- C. Prior to the implementation of any changes in the existing Fire Department Rules and Regulations, the Fire Chief must provide ten days notice. If requested by the Union, the change will be referred to the next Labor/Management Committee meeting, which shall be scheduled within 10 work days to meet and discuss such change. The rule will be implemented after the initial 10-day notice unless the time is extended by the Chief. The issue of whether such change conflicts with this Agreement shall be subject to the grievance procedure contained herein. The time for filing said grievance shall commence on the date the rule is implemented.
- D. All rights and working conditions, enjoyed throughout the Department by the employees at the present time which are not included in this Agreement shall be presumed to be reasonable and proper and shall not be changed by the City in an arbitrary or capricious manner; provided that nothing contained herein shall limit the City's rights under Paragraphs A, B and C of this Section or as expressly provided elsewhere in this contract.

Section 18. Subcontracting

During the term of this Agreement, the City shall not subcontract out to private concerns any fire suppression, Emergency Medical Service and rescue services of the Department. Any action of the state of Florida or Pinellas County to assume control of any basic fire suppression, Emergency Medical Service or rescue services shall not be deemed subcontracting.

Section 19. Indemnification

The City agrees to defend any employee when the employee is sued on any claim arising out of his/her employment with the City and acting within the scope of his/her duties. The employee agrees to cooperate in his/her defense.

The City also agrees to pay any judgment rendered against an employee for acts committed when the employee is acting within the scope of his/her City employment, provided that the employee did not act intentionally, with malice, or with gross negligence.

Section 20. Sports

- B. The employer shall bear the cost of each examination. Additionally, 56 hour schedule employees shall be provided an allowance for attending the physical during off-duty hours. The City agrees 40 hour schedule employees may attend their physical during on-duty hours with no loss of pay. The results of these physicals shall be made available to the City and to each employee upon completion of the physical and shall be maintained as confidential medical records in accordance with law. The City further agrees to reimburse the co-pay cost for any preventive inoculation or immunization shots an employee may receive from his/her City primary care physician.
- D. The parties agree that the physical condition of the employee is of great concern to the employee and to the City. B. In addition to the holidays listed in Section 1, each employee may receive up to four additional "floating holidays". Floating holidays shall be awarded at the beginning of each calendar year, subject to the restrictions below. For such floating holidays the employee shall receive his/her regular rate of pay for such day if he/she does not work that day, but shall not receive additional compensation. Any day for which an employee is not scheduled to work may not be designated as a floating holiday. Floating holidays shall be subject to the following requirements and conditions:

1. No employee may utilize floating holidays until 30 calendar days after the date of hire.

 4. After the year of hire, employees shall receive four "floating holidays" each calendar year.
 5. Upon an employee's separation from the City, the employee may receive a lump sum payment for any remaining floating holiday balance per Paragraph D of this Section, or the remaining floating holiday balance may be used to advance the employee's date of retirement.
- C. Floating holidays will be selected in reverse seniority after all vacation days and longevity days have been scheduled. It is not necessary for an employee to schedule his/her floating holidays during the vacation selection process. Any employee selecting floating holidays after the vacation selection process will give the Department 48 hours' notice in writing of his/her request. This notice will be given to the Fire District Chief or Fire Assistant Chief for approval based on vacation selection criteria. This permission shall not be arbitrarily withheld. In case more than one employee requests a particular day and the Department determines that both employees may not be off duty on that particular day, the senior employee shall be given preference.
- D. If the employee chooses not to take one or more floating holidays, he/she may make a written request to the Fire Chief on or before November 15th to receive 24 hours of regular pay for 56-hour week, or 8.0 hours of regular pay for 40-hour week in lieu thereof payable in the payroll period which includes December 1st. Any floaters not taken or requested for payment are forfeited. No more than four floating holidays shall be approved for payment each year.
- E. Each calendar year, members of the bargaining unit may elect to take one floating holiday as "Personal Leave Time." This personal leave day may be broken into blocks of 4 hours and will be taken in 4-hour increments. Any employee selecting Personal Leave Time after the vacation selection process will give the Department 48 hours' notice in writing of his/her request. All requests for Personal Leave Time must comply with all the criteria pertaining to the vacation selection process. Finally, all personnel will be contacted by reverse seniority for the choosing of floating holidays and sick leave incentive days.

Actual work includes periods when the employee is using accumulated sick leave (but not sick leave pool), holidays, vacation with pay, and the no-loss-of-pay sick time. Employees shall not accrue sick leave during any other period of time when they are in a non-paid status or utilizing "retirement advancement".

C. All accumulated unused sick leave shall be credited to any employee recalled from a lay off, transferred, or certified to another department or classification without break in service, appointed from a reemployment list or returning from a leave of absence. If the employee is promoted, demoted or transferred to another City position with a different Scheduled Pay Period Hours other than that defined above, that employee's sick leave balance will be adjusted to reflect equivalent days of sick leave earned, consistent with his/her new scheduled pay period hours.

D. In the event an employee has been separated and paid for accumulated unused sick leave as hereinafter provided, or has been dismissed for cause and subsequently is re-employed by the City, his/her subsequent sick leave accumulations shall be calculated as a new employee.

E. Under the provisions of this section, an employee may utilize his/her sick leave for absences from duty resulting from illness or injury to the employee or a family member on any of his/her regularly scheduled work days for the number of regular hours he/she would otherwise have been scheduled to work on that day had not such absence occurred. Absence for a fraction of a day that is chargeable to sick leave in accordance with these provisions shall be charged by rounding to tenths of an hour according to the following:

1. Due to personal illness or physical incapacity caused by factors over which the employee has no reasonable immediate control.
2. Necessitated by exposure to contagious disease in which the health of others would be endangered by his/her attendance on duty.
3. Due to medical or dental appointments, or other personal sickness prevention measures, the scheduling of which at times other than during his/her regular working hours is impossible or unreasonable.
4. Due to illness of a member of his/her immediate family which requires his/her personal care and attention. The term "Immediate Family" as used in this paragraph shall mean parents, stepparents, children, stepchildren, grandparents, grandchildren, brothers, sisters or husband/wife of the employee and the immediate family as herein referenced of the husband/wife, or other relative who is a member of the immediate household.

Sick leave will be accrued on a biweekly basis based on hours in a paid status. An employee may utilize his/her accumulated sick time due to an illness in his/her immediate family (as that term is defined above).

5. If an employee is under a doctor's care or if a member of the employee's immediate family is under a doctor's care and the doctor certifies that the employee's personal care and/or attention is required, said time of absence shall not be considered as grounds for any discipline, provided that personal sick leave is not used in excess of accumulated sick leave.

G. An employee absent for one of the reasons mentioned above shall inform his/her immediate supervisor as early as possible on the first day of absence. Failure to do so may be the cause for denial of sick leave with pay for the period of absence. In any event, the Departmental Rules shall govern the notification requirements.

H. Payment for Unused Sick Leave

Upon separation from City service, an employee shall be paid one-half of his/her accumulated unused sick leave. The rate of payment shall be based on the regular hourly rate (excluding shift differential or any other addition to base pay) of the employee on the last day worked prior to separation. The employee may request that one-half the payment for unused sick leave be made at separation and one-half the payment be made in the first payroll period in the next calendar year.

The employee qualifies for payment if:

1. The employee has had at least 20 years of continuous service with the City. Leaves of absence without pay, suspensions and layoffs followed by subsequent re-employment shall not be considered as breaks in service. The length of such time off or layoff shall be deducted from the total length of service. Military leaves and leaves during which the employees are receiving Workers' Compensation shall not be deducted from continuous service; or
2. The separation is involuntary on the part of the employee including disability (incurred on or off the job) and layoffs; or
3. The employee's estate shall receive payment if an employee dies.

An employee who has been dismissed for cause or who resigns voluntarily shall have no claim for sick leave payment.

An employee who may otherwise be eligible for retirement under the City Employees' Pension Plan or Federal Social Security, or who may be approaching such eligibility date, and whose purpose in leaving is to retire under either program, may utilize one-half of his/her accumulated unused sick leave to the extent thereof to advance his/her retirement date. In that event, the employee shall execute a resignation to become effective on the date that such accumulated unused sick leave would be exhausted. Such resignation shall be irrevocable, and retirement shall begin at the time such resignation becomes effective. In the interim, payment for accumulated unused sick leave shall be made as a continuation of the employee's regular pay from which all regular payroll deductions shall be made in order to preserve his/her retirement status. Accumulated unused sick leave will be charged as outlined in paragraph (1) of this subsection.

- I. An employee may not utilize his/her accumulated sick leave absence for absences resulting from an injury arising out of and in the course of employment, other than City employment, for which monetary or other valuable consideration is received or expected. Any employee who utilizes accumulated sick leave, or who attempts to utilize accumulated sick leave, for absences resulting from an injury arising out of and in the course of employment, other than City employment, may be terminated or suspended, as in the City's judgment, is appropriate.
- J. Except in the cases of injury incurred in the line of duty with the City, employees shall not be entitled to use sick leave until the completion of six calendar months of continuous service following the date of original appointment.
- K. The employee may be required to submit evidence in the form of a medical certificate, of the adequacy of the reasons for his/her absence during the period of time for which sick leave is granted when requested by the Department Director:

L. An on-duty employee injured in an accident, arising out of and in the course of his/her City employment, may elect to be continued on the payroll to the extent of his/her accumulated unused sick leave as hereinafter provided. An employee receiving sick leave with pay under the provisions of this subsection who simultaneously receives income under the Workers' Compensation Act shall receive, for the duration of such income and to the extent of his/her accumulated unused sick leave, only that portion of his/her regular rate of pay (see Article 9, Section 4) which will, together with said income equal his/her regular rate of pay at the time of injury. In that event, the employee's accumulated unused sick leave shall be charged only in the same proportion as his/her sick leave payment is to his/her regular biweekly salary which shall be deemed to be that same proportion of the number of regular hours he/she would otherwise have been scheduled to work for the day, week or other period involved, rounded out to the nearest tenth of an hour.

M. The use of sick leave for purposes other than those designated herein will be considered a major rule infraction.

N. Sick Leave Incentive Program

The leave pool may not be used for short time periods where an employee may be without pay. Short time shall be defined as less than 30 calendar days.

This shall be limited to one time per year; however, the 3-day donation limit shall not be modified.
 - b) All donations of pool leave time must be in full-day increments based on the employee's full-time, regularly scheduled day (i.e. an 8-hour or 24-hour day is a full day).
 - c) Donations of pool leave time are irrevocable.
 - d) No dollar value shall be placed on leave donations. All donations and all authorized usage shall be computed as day for day.
4. When pool leave time is authorized by the committee for use by an employee, it shall be on a day-for-day basis, irrespective of whether the employee works an 8-hour or 24-hour shift. Furthermore, any employee availing himself/herself of a provision in this section must notify the Fire Chief or his/her District Chief or Fire Assistant Chief of such intent as soon as possible.

Section 5. Absence Without Leave

- A. Any employee who is absent from duty for two consecutive work days for 56-hour employees and three consecutive work days for 40-hour employees without notice and valid reason therefore shall be deemed to have voluntarily terminated his/her City employment and to have vacated his/her position and will be separated from the payroll as a dismissal, unless a leave of absence is subsequently granted under any of these rules.
- B. The failure of an employee to report for duty at the expiration of a leave of absence or vacation leave with or without pay, shall be deemed an absence without leave.

Any such request must be initiated in writing through the chain of command, via the District Chief, and will give the name of the person wanting off, date the person is to be off, and the number of hours the person will be off. Time off from duty under this provision must be approved by the Fire Chief or his/her designee and must be taken in not less than four-hour increments. Absences for Union time excluding the Union president/designee shall count toward the total number of seven employees permitted to be absent for personal leave on any given shift. Any unused portion of the balance is to be carried over into the next contract year.

Any use of City facilities for Union-related business shall require written request at least 48 hours in advance to the Fire Chief, which may be granted or denied at his/her sole discretion. Executive Board members only shall be permitted to conduct/attend Executive Board meetings while on duty with no charge to the aforementioned Union time, with the prior approval of the Fire Chief or his/her designee, provided 48 hours notice is given, and further provided that such meetings will cause no adverse impact to Department operations. Requests for union time off must be made on the designated form.

Section 7. Right to Contribute Work

In the event that an employee's illness or physical incapacity should continue beyond the point where his/her accumulated sick leave, if any, has been exhausted, he/she may request to have other qualified employees of the Department perform his/her regular duties; provided that such substitution would not require overtime compensation for the substitute and the maximum allowable contributed time to any one employee is a total of 90 calendar days for the duration of this contract.

Section 8. IDM Re-Opener

ARTICLE 14 SENIORITY AND LAYOFFS

Section 1. Seniority

B. Definition -- Seniority is hereby defined as the length of continuous service in City employment except as applied to vacation preference, promotions, layoffs, and assignments.

B. How Measured

1. In the event an employee transfers from the Fire Department to another position within the City and, at a later date, transfers back to the Fire Department, the seniority date for the purpose of layoff, promotions and transfers, shall be the date the employee transfers back into the Department.
2. Any employee who transfers from another City department to the Fire Department shall retain full City seniority with regards to vacation and sick leave accrual. However, for purposes of layoff, departmental seniority shall prevail. In regards to pay and pensions, the applicable civil service rules or City Pension ordinance shall apply.
3. In the event two or more employees have the same seniority date, the employee whose first letter of his/her last name is closest to the letter "A" shall have more seniority.
4. The seniority list on the date of this agreement shall reflect names, job titles, and seniority dates (departmental and City) of all employees.
5. The City will maintain a current seniority list at all times and will provide the Union with copies of such list in December and June of each year.
6. Emergency, provisional, seasonal and temporary part-time employees shall not accumulate seniority during any period of such employment.

- C. Continuous service shall mean employment by the City in a position in the classified service without interruption or break, except that the following shall not be considered as breaks in employment:
1. Leaves of absence or time off with or without compensation granted pursuant to this Contract. The length of any such leave shall not be deducted from the length of continuous service in computing seniority.
 2. Layoffs for lack of work, lack of funds, abolition of position, or because of material changes in duties or organization, not exceeding one year in length, followed by reinstatement or by appointment from the reemployment list. The length of any such layoff shall not be deducted from the length of continuous service in computing seniority.
 3. Disability retirement if and when followed by reinstatement. The length of any such disability retirement shall not be deducted from the length of continuous service in computing seniority.
 4. Suspensions of less than three months in accordance with this Agreement. The length of any such suspension of more than three months shall be deducted from the length of continuous service in computing seniority.
 5. Dismissals subsequently withdrawn or modified by the Appointing Authority, arbitration award, grievance decision, or the Civil Service Board in accordance with this Agreement.
 6. Resignations subsequently withdrawn, in accordance with this Agreement, within six months after acceptance, followed by reinstatement or appointment from the reemployment list; provided, however, that the actual length of separation from the service shall be deducted from the length of continuous service in computing seniority.
- D. Uses -- In addition to the circumstances and conditions wherein, by the provisions of this Agreement and/or these Rules, seniority has been determined to be the controlling factor, it shall also be given reasonable consideration in determining the order of layoff, the order of names on a reemployment list and in promotions in accordance with the rules governing those procedures.
- E. Transfer -- In the event of a transfer or appointment from certification to another department, an employee shall retain all accumulated seniority.

Section 2. Layoffs

- A. In the event of layoffs, all probationary status employees in the class involved shall be laid off before any permanent status employees in the class involved. The order of layoff of probationary employees shall be determined by management evaluations of the performance and potential of the employees.

B. In the event further layoffs are required, such layoffs shall be accomplished by class groups of Firefighter, Firefighter/Driver-Operator, Fire Medic, Fire Lieutenant, Fire Medic Lieutenant, and Fire Prevention Inspector. Notwithstanding anything to the contrary contained in this Agreement, Management shall determine the number of employees to be laid off and the class or classes involved. An employee who is designated to be laid off shall have the opportunity to revert to the position he/she held prior to his/her current classification. If this movement requires further reduction in the work force, the same procedure shall be utilized for subsequent positions in accordance with this section, and the process continued through the ranks thereafter. Within the involved classes, layoffs shall be accomplished by the following groupings:

1. Group A -- Employees with one through three years of service in the Clearwater-Fire Department.

6. Group F -- Employees with 16 through 18 years of service in the Clearwater Fire Department.
7. Group G -- Employees with 19 or more years of service in the Clearwater Fire Department.

All employees in Group A must be laid off before any employees listed in Group B; all employees in Group B must be laid off before any employees listed in Group C; etc. Within each group, employees shall be ranked by management and employees laid off by the rank order established. Management rating of employees can be based upon performance evaluations by management of the preceding 3-year period (if available), disciplinary actions, and physical ability to perform the job. When other qualifications are substantially equal, Fire Department seniority will govern. Management will provide a list of the rank order within Groups prior to the layoff.

Section 3. No new employee shall be hired until the employee on layoff has been given an opportunity to return to work at his/her original seniority date and position; provided, that after one year of layoff the employee shall cease to accrue seniority and that such reemployment rights shall cease after two years from the date of layoff.

Section 4. The Fire Chief shall give written notice to the Human Resources Director and to the affected employee(s) including the President of the Union, on any such proposed layoff. Such notice shall state the reason thereof and shall be submitted 30 days before the effective date of proposed layoff.
